

## QUIZ SUMMING UP

Four bonsai friends decide to try and style some nursery stock. They all visit the same garden centre (socially distanced of course).

Helen buys 2 pines and 2 junipers for £80

Harry buys 2 rowan, 1 pine and 1 spruce for £26

Harriet buys 1 pine, 1 juniper, 1 rowan and 1 spruce for £52

Henry buys 2 rowan and 2 junipers for £76

Work out how much each tree costs.

(Hint - convert to maths equation).

Answer - Pine £6; Juniper £34; Spruce £12; Rowan £4
